Jim, Albion, IL - “I originally thought that your class was unnecessary. I had been thru Army basic training, and have been a gun owner all my adult life. I was wrong. There were many aspects of safety and common sense that I was not aware of. Anyone could learn things that could very well save their life, even if they choose not to carry a gun.”

Bruce, Fairfield – “I took the class through FCC and cannot imagine a better curriculum and teaching staff. I think an advanced class would be something for FCC to consider as well … an awesome teaching team and if you’re considering applying for a CCL in IL this is the place to go!”
