This new legislation was signed because of the difficulties discovered regarding trustee reimbursement at the College of DuPage. The law requires that policy be adopted by January 1, 2017. The proposed policy would have trustee reimbursement at the same rates as all District employees. This has been the policy of Illinois Eastern since the District’s inception and Board of Trustee member travel has always been reimbursed at the rate available to all employees.

BUSINESS - 300
Travel Policy (300.16)
Date Adopted: October 15, 1996

It is the policy of the Board of Trustees District to reimburse members of the Board of Trustees, Treasurer, Board Secretary, and employees of the District for approved trips relating to college or District business, at a rate which is consistent with the reimbursement rates in the State of Illinois for personnel not covered by the collective bargaining agreement.

District employees seeking Any request for reimbursement should require submission of appropriate forms.

Full-time employees will only be reimbursed for travel from the first work site to the second work site, or from their personal residence to the second work site, whichever distance is shorter.

Charges on credit cards will require documentation of the business purpose and will be provided by the person making the charges. No credit card charges are permitted for any personal purpose or for travel by non-district personnel.

Procedures for compliance with current Illinois law implementation of this policy and any subsequent changes will be outlined in a procedure manual.

DATE: September 20, 2016

RE: Agricultural Articulation Agreement between IECC and Murray State University

The following Agricultural Articulation Agreement between IECC and Murray State University formalizes the articulation that exists between the Agricultural Technology/Business Program at Wabash Valley College and the Hutson School of Agriculture at Murray State University.

This articulation agreement creates a seamless and transfer friendly partnership that will encourage students to continue their educational pursuits and become engaged in the respective agricultural career of their choice.

This agreement confirms that relevant agricultural technology/business courses, as listed in the curriculum agreement and degree plan, completed by students who graduated from the Agricultural Technology/Business program through WVC, will apply toward a Bachelor of Science in Agriculture degree at Murray State University.

I recommend the Board’s approval of this agreement.

MSU Agriculture – Where we know how to grow things…like enrollment!

On behalf of our faculty and staff, I would like to express our appreciation to the area community college faculty for working with us to develop articulation agreements to our academic degree options. At the same time, we would like to invite all the community college students to “come join us” as you continue your educational pursuits.

By definition, articulation is the “process by which one institution matches its courses or requirements to course work completed at another institution”. Students may use this course articulation to assure that the courses they complete at the community college will not have to be repeated at Murray State. Additionally, the articulation agreements that have been developed contain a degree plan that includes the courses taken at the community college and the additional MSU classes and requirements that will have to be taken to complete a Bachelor of Science in Agriculture. It is our hope that these agreements will assist students in determining what courses will be required for graduation.

Hutson School of Agriculture at MSU recognizes the importance and the quality of the programs at the regional community and technical colleges. Many of our best students in the past years have come to us through transfer programs. It is our desire to create a seamless and “transfer friendly” agreement that will encourage students to continue their educational pursuits at our university and to become engaged in the respective agricultural career of their choice.

Please let us know if we can assist you in any way. You can contact the Hutson School of Agriculture at (270) 809-3328 or at msu.ag@murraystate.edu.

RE: FY2016 Audit

The Illinois Community College Board (ICCB) requires the Board of Trustees to complete and approve an annual audit and that it be forwarded to the ICCB for filing by October 15th. The audit has been prepared for the Board’s consideration.

The audit draft will be provided to all Board members prior to the September 20, 2016, Board meeting. The final audit will be mailed to Board members as soon as it is received from CliftonLarsonAllen.

The Audit Committee will report on its review of the audit and its meeting with the auditors at the Board meeting.

I ask that the Board pass a resolution to accept the audit and to authorize the completed audit be forwarded to the Illinois Community College Board.

Bank Account Agreement
MEMORANDUM

TO: Board of Trustees

FROM: Terry L. Bruce

DATE: September 20, 2016

RE: Bank Account Agreement

Each college has an imprest account with a local bank in the town in which they are located. For Lincoln Trail, that account is with First Financial Bank in Robinson.

The signature card for this account needs to be updated to include the new LTC President Ryan Gower, and remove the former LTC President. For the signature card to be updated, banking rules require a Board Resolution indicating approval of the changes. Attached is the Resolution from First Financial Bank in Robinson.

I ask that the Board approve the attached Resolution so that the signature cards can be updated on this imprest account.

Dual Credit Agreement
MEMORANDUM

TO: Board of Trustees
FROM: Terry L. Bruce
DATE: September 20, 2016
RE: Dual Credit Agreement

In 1998, Illinois Eastern Community Colleges entered into Dual Credit Agreements with each of the High Schools in District #529.

Since 1998, there have been many changes in faculty credentialing, assessment, and student placement which have required changes to the District’s processes. These changes also necessitated changes in the Dual Credit Agreement with every high school in the District.

To develop this new Dual Credit Agreement, a District wide committee met with area principals and superintendents in an effort to jointly construct an agreement that was beneficial to the student and set forth the guidelines necessary for a course to qualify for high school and college credit simultaneously.

By offering dual credit to qualified high school students, the District will afford students additional support in their transition to college, the workforce, and career exploration. This Agreement builds on the cooperation developed through previous articulation structures and increases the linkages between our area high schools and the college district.

I ask the Board’s approval of this Dual Credit Agreement.

Dual-Credit Agreement

STATEMENT OF AGREEMENT

The Board of Trustees of Illinois Eastern Community College District #529 (hereinafter referred to as “IECC”) and the Board of Education for _______________________________ Unit District #____ (hereinafter referred to as “High School”) agree to enter into a partnership to provide Dual-Credit courses for academic and occupational education that will be accessible and beneficial to high school students within the boundaries of IECC. This Agreement shall become effective on July 1, 2017.

I. STATEMENT OF PURPOSE

Dual-Credit courses expand student access to higher education and provide challenging occupational experiences to qualified high school students during their junior and senior years, and reduce the cost of a college education for students and their families.

Successful completion of courses will enable students to simultaneously earn college credit and satisfy high school graduation requirements. This is an excellent benefit to students that will support transition to college, increase job opportunities, and expand career exploration.

By aligning program content and reducing curricular duplication, dual-credit impacts the way educators, students and institutions connect. It builds on the cooperation developed through previous articulation structures and raises interaction to a higher level. Secondary-to-postsecondary program linkages are strengthened and what develops is a truly seamless program that engages faculty at both levels in the structuring, planning, and teaching of a truly integrated program of study.

II. GUIDELINES

A. “Dual-Credit Course” means a college course taken by a high school student for credit at both the college and high school level (Dual Credit Quality Act (110 ILCS 27/)).

B. Dual-Credit courses are governed by the policies and regulations of the Illinois Community College Board, the Illinois State Board of Education, the Higher Learning Commission, and the policies and standards of IECC and the High School. These policies, regulations, and standards apply whether courses are offered at IECC colleges, off-campus sites, including distance learning and online, or at the High School.

C. IECC and the High School will jointly select Dual-Credit courses. These courses offered for dual-credit will be first-year courses in ICCB approved degree and certificate programs, with IECC providing a current master course syllabus for each course offered through this Agreement. High School will ensure that all objectives for the Dual-Credit courses are met and will provide appropriate materials (i.e., course outline, approved text,
syllabus, assessments, and other supplemental materials determined necessary) to indicate compliance with these objectives.

D. Multiple measures for placement will be used to determine a student’s readiness for college-level courses and programs. This includes analysis of nationally standardized test scores; analysis of high school and/or college transcripts including, coursework completed and grade point average; and remedial and/or previous college coursework completed (IECC Student Placement Policy (500.13)).

E. Academic advising services and course registration assistance will be provided jointly by IECC and the High School.

F. Matters of student discipline will be handled cooperatively between IECC and the High School.

G. Faculty teaching Dual-Credit courses shall satisfy the Illinois State Board of Education requirements and the educational and professional standards and requirements of the Higher Learning Commission, the Illinois Community College Board, IECC, and High School.

H. Pursuant to this Agreement, all Dual-Credit tuition and universal fees charged to the student will be waived while all applicable course fees will be charged to either the student or the High School, pursuant to the model (below) being utilized:

i. **Model A: Taught at High School by High School instructor**
   IECC will waive tuition and universal fees for students enrolled in Dual-Credit courses taught by High School instructors during the regular High School day at the High School facility or college-approved facility only. The High School will provide all of the required books, supplies, uniforms, or other required course materials, for their students.

ii. **Model B: Taught at College by College instructor**
   IECC will provide and pay for a college instructor to teach Dual-Credit courses at IECC colleges or approved facilities. The High School student will purchase their own books, supplies, uniforms, or other required course materials; however, college tuition and universal fees will be waived to the students. Although tuition and universal fees are waived to the student, a per-student, per-course Dual-Credit Course Fee determined by IECC Board of Trustees will be charged to the High School when utilizing Model B.

I. IECC and the High School will jointly supervise and evaluate High School faculty teaching Dual-Credit courses. IECC faculty who teach Dual-Credit courses will be compensated according to guidelines approved by the IECC Board of Trustees.
J. Dual-Credit courses offered during the regular school day shall have equipment and classroom/laboratory space provided by the host site.

K. IECC and the High School will jointly conduct monitoring, evaluation and assessment of Dual-Credit courses.

L. By consultation and mutual agreement with the CEO of IECC and the Superintendent of High School, or their designees, may address items not covered in this Agreement.

M. The Parties will annually review this Agreement and make any needed changes. This Agreement will continue unless terminated by one of the Parties within sixty (60) days of the end of the school year.

Dual Credit Course Fee
MEMORANDUM

TO: Board of Trustees

FROM: Terry L. Bruce

DATE: September 20, 2016

RE: Dual Credit Course Fee

If a high school district approves the new District Dual Credit Agreement, a fee structure will be developed. This agreement provides that the sending high school will pay a $60 per student, per course, fee when a dual credit class is taught using college instructors at an IECC college or at an approved facility.

Even though the new fee is not effective until July 2017, the administration recommends that the fee should be established and published now since high schools will soon begin enrolling students for Fall 2017 dual credit classes.

The attached fee schedule provides that:

1. There will be a $60 per student, per course, fee charged to the sending high school when dual credit courses are taught at IECC facilities using IECC instructors. (Note: If the dual credit class is taught at the high school using high school faculty, there is no charge.)

2. Once the student graduates from high school, if they enroll in 12 hours per semester with IECC within 12-months of graduation, they will receive a credit for previous dual credit fees paid on their behalf.

3. The credit to which each student is eligible is limited to the previous dual credit fees paid on their behalf.

I recommend approval of this new Dual Credit Course Fee effective July 1, 2017.

TLB/akb

Attachment
Effective 07/01/2017, a Dual Credit Course Fee will be assessed as follows:

Dual Credit Course Fee........... $60 per student, per course, will be charged directly to the sending High School when a Dual Credit course is taught using college instructors at IECC colleges or approved facilities, and the High School sends a student(s) to participate in such courses.

Upon high school graduation any former dual credit student that was subject to the Dual Credit Course Fee will be eligible for a $60 per course credit toward IECC college tuition, if the student enrolls in 12-credit hours per semester at IECC within 12 months of graduating from high school.

The total credit the student is eligible for under this provision shall not exceed the total amount of Dual Credit Course Fees actually paid on the student’s behalf.

FROM: Terry L. Bruce
DATE: September 20, 2016
RE: Articulation Agreement between IECC and SIUE- BSN Program

The following Program Articulation Agreement between IECC and Southern Illinois University-Edwardsville (SIU-E) will allow IECC Associate in Applied Science graduates in Nursing who meet SIUE entrance requirements to be considered for admission into SIU-E’s Bachelor of Science degree in Nursing (BSN).

IECC students choosing this option will be directly admitted to the SIU-E RN-BSN program and can complete some SIU-E coursework prior to completion of their ADN program, effectively shortening the time to completion of the BSN degree. Students may also take some of the BSN prerequisites through IECC. This Agreement shall be effective from Fall 2017 through Spring 2020. Either institution may terminate this Agreement with 120-day written notice to the other institution. This agreement shall be effective for students entering IECC in Fall 2017.

This agreement is part of Allied Health’s effort to provide additional opportunities for advanced degrees to residents of the college District. I ask the Board’s approval of the IECC/SIUE agreement for the ADN/BSN programs.

This Agreement for a BS in Nursing Partnership is made and entered into this ___ day of _____, 2016, by and between the Board of Trustees of Southern Illinois University, a body politic and corporate of the State of Illinois, governing Southern Illinois University Edwardsville on behalf of its School of Nursing, and the Board of Trustees of Illinois Eastern Community Colleges, an Illinois public community college organized and existing under the laws of the State of Illinois, governing Illinois Eastern Community Colleges on behalf of the IECC-OCC Associate Degree Nursing Program.

WHEREAS, Southern Illinois University Edwardsville (SIUE) and Illinois Eastern Community College (IECC) both share a common pride and a history of serving the Southern Illinois region with high quality educational programs, offering curricula that combine various disciplines in arts and sciences with programs that prepare students for careers in various fields; and

WHEREAS, the mission of the SIUE School of Nursing is to inspire our students and faculty to embody the creativity to teach, the curiosity to learn, the courage to serve, and the compassion to care for others in this diverse and complex world, forever exemplifying nursing excellence in action; and

WHEREAS, IECC’s mission is to empower nurses by raising aspirations and fostering achievement through dynamic, compassionate and responsible learning experiences and advancing excellence in nursing practice and

WHEREAS, SIUE and IECC desire to enter into this Agreement to establish a non-exclusive BS in Nursing Partnership leading to a bachelor of science degree in nursing at SIUE School of Nursing to increase opportunities for student access to and success in Nursing education and the profession of nursing by mutually agreeing to clarify transfer policies and procedures that assure articulation between programs and to assist students in making a seamless transfer of IECC course work to SIUE for the completion of the baccalaureate degree in Nursing;

NOW THEREFORE, in consideration of the mutual covenants and promises contained herein, the institutions agree as follows:
**Purpose**

The purpose of this associate degree to bachelor’s degree track is for IECC students to be able to obtain a bachelor’s degree in Nursing at SIUE after attending IECC to complete an associate degree and the majority of the general education requirements in preparation for attending the RN/BS Program at SIUE School of Nursing. Upon completion of the requirements of both institutions, a student will qualify for an Associate in Applied Science degree from IECC first, and then a Bachelor of Science degree in nursing from SIUE. Sample curricula outlining how a typical student would be able to satisfy the requirements is attached to this Agreement. The two institutions agree to inform each other of any future curriculum changes so that the basic Agreement remains in force as curriculum changes occur at either school.

**II. Policies and Procedures for Operation of the BS in Nursing Partnership Track**

A. **Student Eligibility**

A student is admissible to Southern Illinois University Edwardsville once it is determined the student meets minimum SIUE admission standards and is enrolled in the BS in Nursing Partnership track at Illinois Eastern Community Colleges.

B. **Admission to SIUE**

A student is required to submit a BS in Nursing Partnership Application for Admission to Southern Illinois University Edwardsville. A student submits the application **after the student is enrolled** in the BS in Nursing Partnership track at Illinois Eastern Community Colleges. Although a student will be admitted to SIUE upon receipt of the application, the student will not matriculate at SIUE until minimum admission standards have been achieved and all prerequisite coursework is completed. This should be accomplished through the successful completion of the outlined curriculum included in this Agreement.

Students identifying their interest in the program at the time of application to SIUE will be admitted to SIUE in anticipation of successful completion of the IECC curriculum. The SIUE program curriculum will remain unchanged from a student’s point of admission throughout continuous enrollment and timely completion of degree requirements. A student failing to complete requirements within the timeline established by SIUE policy may be subject to new and/or revised requirements.

Prior to the student’s anticipated entry term, SIUE will review the student’s academic progress to ensure that admission requirements to the University have been satisfied. Students meeting requirements will be eligible to enroll at that time.

A student who is satisfactorily completing the first two semesters of the curriculum at IECC as outlined in the BS in Nursing Partnership progression plan and has completed required prerequisite coursework, will be **admitted directly to the SIUE RN/BS program** and may enroll in NURS 240R and NURS 335R during their third
and fourth semester, prior to obtaining RN licensure. Once a student has successfully completed the ADN program at IECC and licensure as a registered nurse is obtained, a student may progress through the remaining RN/BS nursing courses (NURS 472R, 475R, 484R, and 480R). Upon enrollment in NURS 475R, SIUE will award 40-43 proficiency credits for nursing course work completed in the associate degree within the nursing program at IECC.

C. Academic Standing

A student must maintain a cumulative GPA of 2.0 to remain in good academic standing. Once admitted to SIUE, a student will be subject to standard retention requirements applicable to all SIUE students.

SIUE shall serve as the Home Institution and shall administer all financial aid for the student once the student has fully matriculated to SIUE and during the period of enrollment as a degree- or certificate-seeking student with SIUE. IECC shall serve as the Host Institution and shall administer all financial aid for the student during the period that the student is enrolled in and attending IECC as part of the BS in Nursing Partnership program, including for classes the student is enrolled in at SIUE and classes for which the student is enrolled at IECC but will transfer to SIUE. It is further agreed that this Agreement precludes the awarding of financial aid for such student by the Home Institution (as opposed to the Host Institution) during these periods.

IN WITNESS WHEREOF, the institutions hereto have executed this Agreement on the date first written above.
