

Honoring Bob Boyles

The Foundation Hall will be renamed Bob Boyles Hall on Frontier's campus. A ceremony is planned for May 21, at 10 a.m. The public is invited to attend.

Bob Boyles devoted 30 years of service to the Illinois Eastern Community Colleges District.

Boyles started his career at Frontier Community College on April 1, 1981, as the Director of Financial Aid & Veterans Affairs. In 1983 Boyles was promoted to Dean of Institutional Advancement with the added responsibilities for overseeing the operations and maintenance on a growing campus. In this role, he worked closely with the Frontier Community College Foundation. After some restructuring in 1986, his title was changed to Director of Adult and Continuing Education. He remained at this post until his retirement in August 2007.

A year later in the Fall of 2008, IECC's CEO Terry Bruce asked Boyles to come out of retirement to serve as Interim Dean of Instruction at Olney Central College, which he did through the summer of 2009. In the fall of 2009, Boyles returned to the campus of Frontier Community College to fill the position of the Dean of the College until December 2013.

Bob Boyles passed away on March 10, 2014, at the age of 62.

What's new in the Learning Resource Center

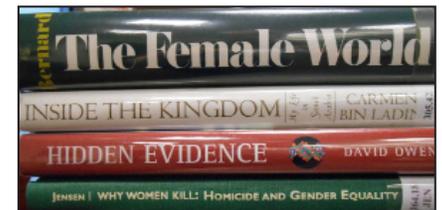

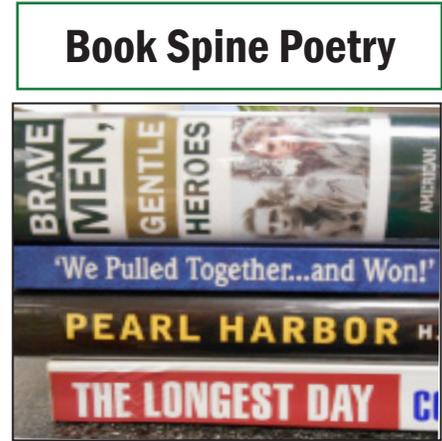

April is a busy time in the Learning Resource Center with National Library Week, Earth Day and National Poetry Month.

Poetry & Earth Day

There are poetry and earth day books on display in the LRC. There is a student activity display of Book Spine Poetry. Examples are given and students are encouraged to create poetry with book spines available in the LRC. All poetry creations will be photographed and displayed throughout the month.

End of Semester Research Crunch

It's research crunch time, and students are making use of the study areas, computer lab and resources. The final Writing Workshops of the semester on "Citations" are in April. Many faculty support attendance by giving extra credit.

Semester Unwind

The LRC is busy planning another activity for FCC students. "Semester Unwind", as the event has been titled, offers several different activities to build student engagement.

It will be held Tuesday, April 28, and involves a scavenger hunt, an art project, astronomy, wiener roast and various games.

Students will be encouraged to form teams for the scavenger hunt. They can pick the form up at 9 am. and have until 3 p.m. to complete the scavenger hunt. Photos of their findings and locations will be sent to the LRC who will track points for each team.

The splatter paint on canvas will be hung in the Bobcat Den's Coffeehouse in the fall.

The staff are hoping for a good turnout for the Semester Unwind. Earlier in the spring semester, the Game-a-Palooza was held in the LRC and was well received by students.
