

NAIL TECHNOLOGY CERTIFICATE (NAILS C259)

FCC	LTC	✓ OCC	WVC
-----	-----	-------	-----

Nail Technology students will receive basic training in regard to personal and public hygiene, ethics, sterilization and disinfection, and OSHA standards. Classroom instruction will also cover subject areas including cells, metabolism and body systems, the theory of massage, Illinois state laws, and management practices. Clinical training will focus on manicures, pedicures, fabric and sculpting procedures, light cured gels, and massaging of the extremities.

Students must complete 350 hours in the study of nail technology extending over a period of not less than 8 weeks nor more than 2 consecutive years and pass the examination authorized by the Illinois Department of Financial and Professional Regulation to receive a licensure as a nail technician.

Professional Licensure Information

This program of study prepares students to seek a professional licensure or certification in the state of Illinois and may not meet minimum requirements for other states. See the Professional Licensure Disclosure at www.iecc.edu/licensuredisclosure for more information.
